

Proven Technology

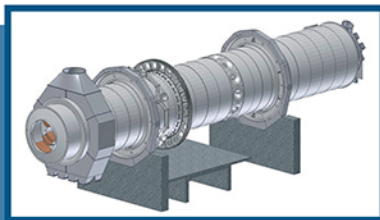

230 t/h Commercial Plant
Fushun, China

The most advanced retort.
Capacities up to 500 t/h.

TODAY

500 t/h ATP Processor
11.5 m diameter

**Jordan – JEML Plant
Under Design**

Highest capacity single
train retort available.

Project has received
Royal decree.

2006

230 t/h ATP Processor
8.4 m diameter

**China – FMG
Commercial Plant**

2nd generation
processor.

Commercial facility.

1997

250 t/h ATP Plant
8.3 m diameter

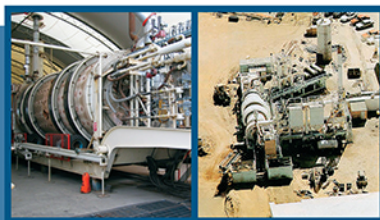

**Australia –
Demonstration Plant**

1.6 million barrels of oil
produced.

Proven scale up.

1991

Small Scale Plants

ATP60 Pilot Plant
60 bbl/d (1991-today)

Mobile Waste Processor
10 t/h (1989-94)

1977

Original ATP Pilot Plant 5 t/h (1977-90)
